Gladiolus Bulblets

We cannot all afford to pay \$5 00, \$10 00, \$25.00 or even \$1.00 for a new and promising variety of Glads, but one might spare 10c or perhaps \$1.00 for a bulblet, that with proper care might give you a small bloom the first year and a nice bulb for next season. By peeling the bulblet and planting it in a small pot or dirt band in March or April and get it well started by the time the garden is ready to plant, then turn out of pot or remove the dirt band without disturbing the roots and planting in the ground, they give splendid results.

Mixed Bulblets, All Kinds—Wonderful Special Offer

Early, medium and late, red, white, pink, maroon, smoky, yellow, spotted and all shades of color. Tall, short, large and small, ruffled etc. From varieties the bulbs sell from 5c up. Some have sold for \$1 00 or more.

400 to 500, at 25c. About 2000, \$1.00.

They are not counted but are measured and will contain as stated above. This mixture contains varieties not usually included in mixtures, such as: Betty Nuthall, Crinkles, Golden Dream, Osoline. Mrs. Leon Douglas and many more. We have enough to make up about 150 of the 25c packages and 50 of the \$1.00 and will have no more to offer until next year.

The earlier you send in your order the more liberal count and more extras.

READ CAREFULLY

Some varieties we only have a limited quantity of some sizes. Better give us the privilege of giving same value in other sizes when out of one ordered. Also it might be best to make some second choices.

You can order 25 of a variety on those listed by the 100, and can order 10 of a kind that are priced at \$1.00 to \$2.00
